How to use the table:

Go to your correct category (Novice Minor, Novice Major, Atom, Peewee). Fill in the number of Playoff Games you played in Column One and multiply that by the number indicated in Column 3 under Referee Fees and put the total of that equation in Column 4 under "Total".

For example, if you are in Novice Major and played 2 Playoff Games, you would put "2" in Column 1, multiply this by \$20.00 in Column 3 and put the total in Column 4. So in this instance it would be 2 x \$20.00 and you would put the total of "\$40.00" beside it in Column 4.

Please Note: We do not need the receipts for your regular season games.
We only need the receipts from your Playoff Games.
 We do not reimburse referee fees for exhibition or tournament games.
